**Attachments:** 23032019 INTERNAL DRAFT Treasure Island Tetra Tech EC RAD Work Summary.docx

I did not send it as I'm waiting for DTSC input. Attached if you want to see what it looks like now.

Hi DC,

I didn't receive the updated file. I'll be in the office Monday to review your edits and make any other changes if DTSC provides review comments.

Thank you,  
Sarah Ann

SAM, just a few general thoughts before I forget regarding the summary report. R, Bill

To make the it more user friendly, consider using category title lines such as: Introduction (begging of document), and Background/Conclusion (for each building section). I'd also recommend inserting page #s and footer with the date.

Subject: FW: INTERNAL DRAFT RAD WORK SUMMARY REPORT

Hi Bill. The attached incorporates or addresses most of Coop's edits and comments. We didn't include definitions for accurate and consistent and I did not include the second contractor's specific company because I didn't want to introduce another contractor in the discussion. I can talk specifics with you next week. I ran the changes (and those I didn't incorporate) by Kim.

Thank you for all of your help. DC will send to DTSC for their awareness and review.

Sarah Ann
